

Earth Day contest winners

Mrs. Baird & Mrs. Deboer's Kindergarten class at Grand Bend Public School participated in the OWF Earth Day contest with this submission:

"We had a lot of fun celebrating Earth Day. In addition to planting seeds, we also picked up garbage on the school yard! Thank you!"

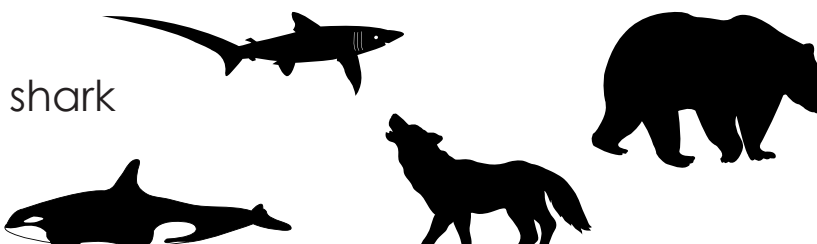

We'd like to thank them for making such a great effort for Earth Day! We are happily sending their classroom a **FREE** 1-year subscription to *Nature Crusaders!*

Connect the Dots!

DID YOU KNOW?

Bees have two stomachs - one stomach for eating and a second for storing nectar collected from flowers or water so that they can carry it back to their hive.

Bees are the only insect in the world that make food that humans can eat.

JOKES

Q: How do you know carrots are good for your eyes?

A: Because you never see rabbits wearing glasses!

Q: Why are rabbits so lucky?

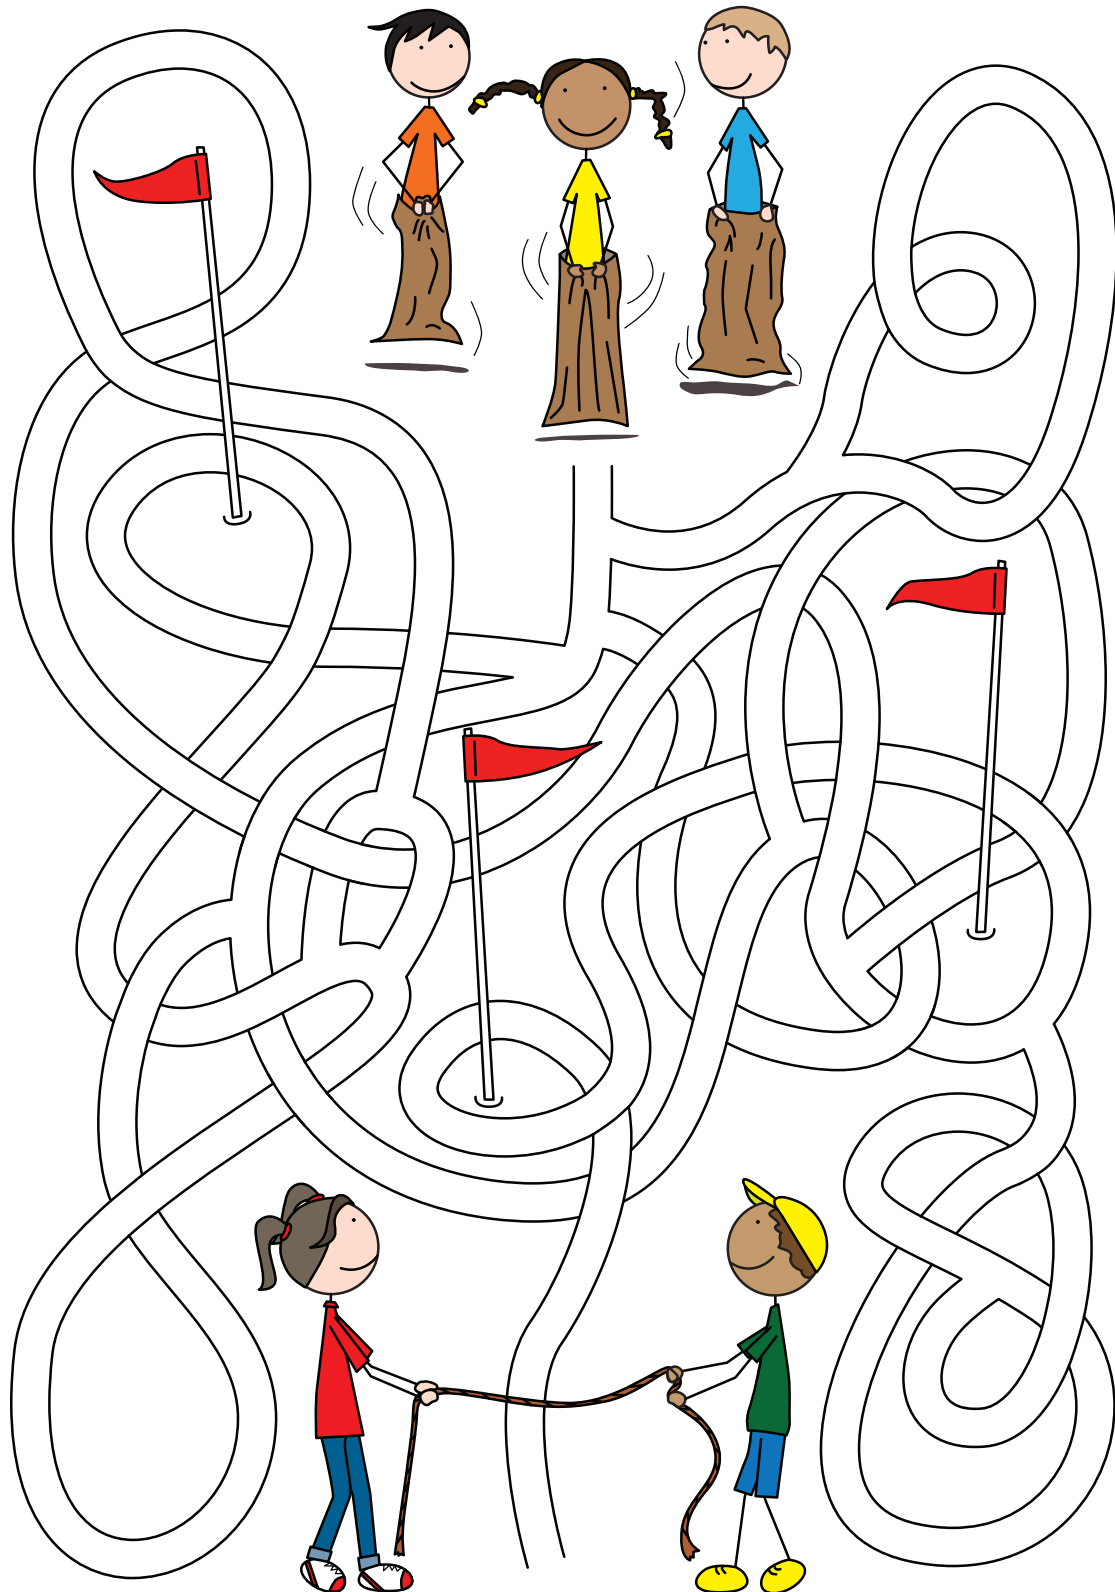

A: They have four rabbit's feet!

Q: Why don't rabbits get hot in the summertime?

A: They have hare conditioning!

A-MAZE-ING FUN
