Attention: Ms. McGrath

Dear Ms. McGrath:

I am writing with our interim report.

We have had a busy fall, much busier than anticipated. Since September 1st we have admitted 58 birds. Usually, and I use the word loosely, fall and winter are a little quieter. We normally have a small fall surge, with migrating owl species, but 58 is a high number of admissions for that time frame.

As always, owl food is an ongoing expense, yet one that we MUST purchase. The birds in our care rely on us providing for them. Not just with food, but with good housing and quality care.

I'm sorry no one for Ontario Wildlife Foundation was able to attend our fall donor tours. They were a success, despite Mother Nature not co-operating fully. We were quite wet a few times.

I hope you enjoyed our recent newsletter. We had some feedback on our feather article. People were surprised to learn what we can glean from owl feathering.

I trust this letter satisfies your requirement of an interim letter. If you need anything else, please don't hesitate to contact me at 905-562-5986. I am generally in the office Monday-Friday between 9-3.

Sincerely,

Cathy Foxcroft
